## TRYING TO SETTLE.

Ratchford Meeting Pittsburg Operators Today.

HE EXPECTS FAVORABLE RESULT.

Thinks It Will Be Followed by a Conference of Representatives From the Whole Competitive District—Dolan Demands a 69 Cent Rate.

PITTSBURG, Aug. 23.—President Ratchford is here attending a conference with the Pittsburg operators today.

He said that he expected the result of the conference would be that a general conference of all the coal operators and miners of the entire country would be called for the near future to consider the question of a settlement of the strike. He did not anticipate any other result from today's conference. Secretary Pearce is also attending the conference.

While saying that he is in favor of arbitration District President Dolan insists that his men must receive 69 cents or the strike will continue.

There was a clash between the deputy sheriffs and strikers at Plum Creek Saturday and five strikers were arrested for contempt of court in disobeying the orders of court as contained in the injunction. There was no bloodshed, but a battle between the deputies and the strikers may be fought at any time.

WHEELING, Aug. 23.—The miners employed in the Peddling bank at Bridgeport, across the river, returned to work this morning, and their move may result in resumption at Bellaire. The Wheeling coal miners, who are the moving cause in getting out the Peddling bank miners, will probably march to the river front and force the Peddling men to come out again. On this side of the river there is still a complete tie-up, but there is a feeling that it cannot be maintained much longer. Among the miners and their sympathizers the hope is generally expressed that the strike may be settled this week.

DON'T FAVOR A STRIKE.

Miners About Dubois, Pa., Resist All Agitation.

DUBOIS, Pa., Aug. 23.—Vigorous efforts have been made during the past week by agitators to induce the miners of this place to join the strikers. The alleged labor leaders have been unable to get a meeting of the miners and have met with little encouragement through personal solicitation.

Saturday afternoon a printed notice without a signature was conspicuously posted about town, calling a meeting of the Rochester and London miners at Electric park this morning. The notices were no sooner posted than the pit committee of those mines posted notices that the call was unauthorized and that there would be no such meeting. The agitators sent to this region have been unable to get pit committees to call a meeting, and the mines are working steadily.

During the strike in 1894 many important contracts were lost by operators of this region, and work has since been poor up to the outbreak of the strike in the Pittsburg region, since which time the mines here have been working on practically full time and contracts that were lost are being regained. Should the miners here conclude to strike now these contracts and others would be lost to them, and less work than ever would result for a long time.

The Reynoldsville miners are still out, but all others in this region are working.

FOUR STRIKERS SHOT.

A Fight Between Them and DeArmit's Men Near Pittsburg.

PITTSBURG, Aug. 23.—Four striking coal miners were shot and cut in a riot which occurred near the Oak Hill mines of the New York and Cleveland Gas Coal company yesterday afternoon. According to the reports the trouble was started by Italian workers of the DeArmits.

It is said that the DeArmit diggers at the various mines of the company were yesterday trying to get the strikers to report for work today. Five Italians who live at Turtle Creek and work at the Oak Hill mines visited an Italian boardinghouse about a mile from the pit along the bottom road.

The five missionaries told their striking brethren that they ought to go to work today. The men at the boardinghouse did not take kindly to the visit and a battle followed. The wounded were:

Tony Podasta, shot above the heart. He will recover.

Batiste Balmeso, cut on the arm and had a finger smashed.

Batiste Gropinold, eyebrows shot off.

Anton Connals, cut or shot about the head. Not seriously injured.

DEPUTIES POLLUTE THE AIR.

Labor Leaders Made Fiery Speeches to Fairmont Region Miners.

FAIRMONT, W. Va., Aug. 23.—Rev. W. Wiley preached to the campers Sunday at Montana and Joseph W.

Rea, James Wood and W. A. Carney followed with speeches. The crowd was a very orderly one and paid good attention to the speakers. There were about 400 men present and half that many women. James Wood in his speech took occasion to speak of one of the deputy sheriffs in uncomplimentary terms, claiming that no honest miner should go near them as "the air was polluted."

Rea also spoke of several of the operators and witnesses at Clarksburg. Many charges were brought which if sustained would be sure to turn the sympathy of every one from the operators. His speech was a fiery one from beginning to end, and he made it especially unpleasant for several company men at the meeting.

Miners Sent to Jail.

FAIRMONT, W. Va., Aug. 23.—In the federal court, district of West Virginia, at Clarksburg Judge Goff handed down his decision Saturday in regard to the 27 strikers brought before him for contempt. They were sentenced to jail for three days.

BANK ROBBER SHOT.

A Canton Policeman Returned Shots With Deadly Effect.

CANTON, O., Aug. 23.—Merchant Policeman Charles Hemminger surprised burglars in the basement of the Isaac Harter & Sons savings bank early Sunday morning. The guard of the party opened fire on the officer and the latter shot one of the men who had been in the cellar. The burglar died at the hospital later without revealing his identity.

The burglars had a big lot of tools and explosives in the cellar and were no doubt professionals. The bank is a strong one and generally believed to contain a large sum of money.

Hemminger came upon the robbers in the dark and they opened fire upon him. He shot at them and brought down one of the burglars. Other policemen arrived, but not in time to arrest any of the other members of the gang. The wounded man died an hour or two after he was shot. He was about 25 years of age, well dressed and good looking.

The robbers were undoubtedly professionals, for an investigation of the premises revealed a full outfit of burglar's tools. The robbers had begun work in a systematic way on the foundation of the vault, and if not interrupted they would probably have made a good haul.

THREATENED A LYNCHING.

The Burning of Grain in Sack Encourages Farmers.

MARTINS FERRY, O., Aug. 23.—Half a hundred angry farmers were scouring the country a few miles north of this city for an incendiary, with the avowed purpose of lynching him if caught. Shortly after midnight six stacks of grain on the farm and near the barn of R. A. Ring were discovered to be in flames and all the farmers in the neighborhood assisted in the futile efforts to extinguish the flames.

The loss will amount to \$3,000, representing a year's toil. An empty oil can was found near by and traces of oil near the grain leave no doubt as to the origin of the fire.

Window Glass Conference Fruitless.

CLEVELAND, Aug. 23.—The conference of the window glass manufacturers and workers here was fruitless of results. The workers insisted on an advance of 20 per cent and the manufacturers offered to restore McKinley wages. The flatteners and cutters said they would not go to work unless paid as large an advance as the blowers. The meeting adjourned without date, after the workers had withdrawn all their offers. Unless some arrangement is reached before Sept. 1, the workmen will refuse to go to work. About 7,000 men will be affected.

Burglars Fatally Wounded.

TIFFIN, O., Aug. 23.—Burglars broke into the farm residence of Henry Lawrence, near Rollerville. Lawrence heard the men and stationed himself at the head of the stairs. Two men with dark lanterns started up. Lawrence opened fire and it is thought fatally wounded one man, whom his companion assisted to a buggy, when they made their escape. Lawrence sold 1,000 bushels of wheat and the burglars, no doubt, thought he had the money in the house.

\$14,000 For Missions.

CLEVELAND, Aug. 23.—At the close of the Christian Alliance convention a collection for missions was taken. Eleven thousand dollars was contributed within a few minutes, making \$14,000 in all. Several ladies threw diamond rings into the collection boxes and many men did the same with their gold watches and jewelry.

Death of L. R. Marshall.

CHAMBERSBURG, Pa., Aug. 23.—L. R. Marshall of Philadelphia, who until his retirement a few years ago was prominently connected with the Pennsylvania Railroad company, has died here at the residence of his daughter, Miss Elizabeth Marshall, assistant principal of Wilson college.

A Sentenced Rapist Lynched.

WILLIAMSBURG, Ky., Aug. 23.—Elcan Sullivan, convicted of the rape of Sarah Lawson and sentenced to 20 years in the penitentiary, has been taken from the jail by a mob and hung across the timbers of the county bridge across the Cumberland river.

## VETERANS IN BUFFALO

Thousands There and Others on the Way.

GOBIN WANTS CLARKSON'S PLACE.

Cincinnati Likely to Be Chosen as the Place to Hold the Next Encampment. The Old Soldiers Do Not Care to Go to Richmond, Va.

BUFFALO, Aug. 23.—Buffalo is all ready for the army of veterans who are on their way here to attend the thirty-first annual encampment of the Grand Army of the Republic. They are coming in by thousands. It is estimated that over 25,000 are already here.

The various railroads entering Buffalo report that in addition to hundreds of regular trains schedules have been prepared for 245 specials, to arrive here tomorrow noon. Among the prominent arrivals are J. Cory Winans of Commander-in-Chief Clarkson's staff, J. S. Lewis, past junior vice commander, and Daniel Rose of Wilmington, Del., a candidate for junior vice commander-in-chief.

Camp Jewett, as the city of tents is known, is all ready for its inhabitants, and while it will not be formally opened until 4 o'clock this afternoon, a number of posts are already installed.

Ample arrangements have been made at the camp and elsewhere for the care of the sick. Three hospital tents have been erected at Camp Jewett, each in charge of a competent staff of physicians.

The honor of flying the first pennant from any tent at Camp Jewett belongs to Reno Post, No. 64, of Williamsport, Pa. A detachment of 11 members was assigned to tents 27-29. Clayton P. White of Williamsport was the first veteran to arrive, and is quartered on the Steamer Idaho, which has been assigned to the naval posts.

Among the later announcements of candidates to succeed Commander-in-Chief Clarkson are the names of John C. Linehan of New Hampshire, George H. Innis of Massachusetts, James A. Sexton of Chicago and J. P. S. Gobin of Pennsylvania.

Colonel Winans of Commander-in-Chief Clarkson's staff estimates the number of visitors to Buffalo during the week at 200,000, making the largest encampment ever held. In speaking of the choice of the veterans for the next encampment Colonel Winans said that so far as his information went there was but one choice among the delegates, and that was Cincinnati. There seems to be a feeling, he said, among some of the eastern people that San Francisco wants the encampment, but that is a mistake. San Francisco is preparing to make a bid in 1899.

With regard to the encampment being held in Richmond, Va., he asserted there is nothing in it. The people down there do not want it, and the veterans do not care to go there.

The chief objection, he said, was the certainty of unpleasant complications over the color line. Notwithstanding this view the Young Men's Business association of Richmond opened headquarters here and is making an effort to secure the encampment.

Colonel Winans says Pennsylvania will send the most people to the encampment with New York second and Ohio third in attendance.

EXTERMINATION OF SEALS.

Dr. Jordan Brought Back Disastrous Reports From the North.

PORTLAND, Or., Aug. 23.—Dr. David Starr Jordan, commissioner-in-chief of the fur seal investigation, has passed here on the revenue cutter Rush enroute for San Francisco. Dr. Jordan reports the satisfactory completion of the summer's investigations by the British and United States commissions.

"The breeding grounds show a shrinkage of about 15 per cent over the conditions of last season; the hunting grounds a shrinkage of 33 per cent. This is about what was predicted by the American commission last year and the conclusions are fully vindicated in all important regards."

"The primary cause of shrinkage of females on the breeding grounds is the pelagic catch of last fall and this spring. To this is added the loss due to starvation of orphaned pups in 1894, which should this year have lived to give birth to their first pups. This starvation in 1894, effecting as it did in a like measure the male herd, is the cause of the diminution of killable seals on the hunting grounds."

"The decline of the herd is everywhere more distinctly marked than it was last year, owing to the effects of the resumption of pelagic killing in Bering sea after the modus vivendi of 1893. For 1898 the shrinkage will be still greater through the destruction in 1894 of unborn pups with impregnated females killed."

MINERS SAIL FOR KLONDYKE.

An Express Company Organized For Service to Alaska.

VICTORIA, B. C., Aug. 23.—The steamer Danube has started on her voyage to Skaguay bay with another large crowd of miners for the Klondyke and a full cargo of freight.

The steamer Coquitlan has returned from Dyea and Skaguay. She brings word that a man has been banished from Skaguay by prospectors for attempting to collect a toll of 50 cents from each person crossing a tree which he had felled across a creek on the trail. He was given 12 hours to get out. The day the steamer left five men arrived with \$10,000 in gold dust.

TACOMA, Wash., Aug. 23.—The Alaskan Pacific Express company has been organized by the Pacific Coast Steamship company. This is the first express company giving service to Alaska.

Prominent Men Suspected of Murder.

SHEPHERD, Mich., Aug. 23.—It is thought that three prominent men in this vicinity are the murderers of cashier Strubles, but officers will not divulge names. They are watched every moment, day and night, and cannot escape. Arrests are likely to take place at any moment now. There is great excitement among the people here and at Mt. Pleasant and lynching is freely talked by many. They shot Struble in the bank vault Saturday and robbed the bank.

ALBANY LIKELY THE PLACE.

Will Probably Get the Next Convention of U. P. Young People.

INDIANAPOLIS, Aug. 23.—The ninth annual convention of the United Presbyterian Young People's Christian union has passed into history. The place of meeting next year will not be decided until the general committee meets in October, but Albany, N. Y., has the call, and there is little doubt that the convention will be held there.

Two consecration meetings were held Sunday morning, one at Tomlinson hall for men, led by the Rev. R. A. Torrey, and the other for women at the First Baptist church, led by Mrs. Edith Livingstone Peake. Both were largely attended. The pulpits of the city and suburbs were filled with visiting pastors, and praise meetings were the order.

In the afternoon at Tomlinson hall John G. Wooley addressed an audience that crowded the hall and galleries to the doors. His speech was characterized by radical temperance utterances and it created a sensation.

The treasurer's report shows a balance on hand of \$859.04. A. J. Robinson, chairman of the committee on resolutions, reported favorably the resolution looking toward a union of the Christian unions of the United and Reformed Presbyterian churches.

The title committee recommended that the title committee be a permanent feature of the young people's work; that every presbytery be requested to appoint a title secretary. Officers were elected as follows:

Institute members of the general committee—H. H. Parash, Cambridge, N. Y.; Prof. Morgan Barnes, New Wilmington, Pa.; M. S. Beals, Bellefontaine, O.; E. K. Marquis, Indianapolis; Rev. Robert Lamont Hay, New Brighton, Pa. Title committee—Rev. T. H. Hauna, Jr., chairman, Steubenville, O.; D. L. Reed, Pittsburg; Hugh Kennedy, Sharpsburg, Pa. Secretary of junior work—Rev. W. I. Wishart, Allegheny.

Indiana presbytery received the banner for the largest enrolled attendance at the convention, the representation being 457. The banner for the educational institution having the largest enrolled attendance of students went to Monmouth college.

OIL FOR NAVAL VESSELS.

A Lieutenant to Investigate in the Pennsylvania Oil Fields.

WASHINGTON, Aug. 23.—The secretary of the navy has ordered Lieutenant Nathan Sargent to proceed at once to the oil fields of Pennsylvania, where he will make a careful investigation of the various grades of petroleum produced in that region with a view to its use as fuel for marine engines. Upon the conclusion of this work he will report to the authorities in charge of the Newport torpedo station and plans will be drawn up for an oil engine, which will be placed in one of the new torpedo boats now being built by the Hershoffs.

This will be the first attempt to use petroleum as a fuel for the torpedo fleet, but from the success that has been attained with this motive force in swift steam launches owned by private parties both here and abroad the navy department looks very favorably on the experiment. Some of the advantages expected from the new fuel are economy of machine space and consequently greater fuel carrying capacity, economy in the cost of fuel and the ability to develop extremely high steam pressure under forced draught.

The plans for the new engine are not yet laid and will depend largely on the report on the various grades of petroleum at command. It is possible that with this innovation in fuel will be combined the use of the steam turbine engine, whose success in the English torpedo boat Turbina has marked a decided epoch in the development of these fleetfooted destroyers abroad.

Wilson's Murder Still a Mystery.

PHILADELPHIA, Aug. 23.—There are no developments in the mystery surrounding the murder of Major W. O. Wilson, the aged librarian, on Monday night last, and the case bids fair to take rank among the dark, unsolved crimes of local history. Marian Stuyvesant, the mulatto, who was employed as a porter in Wilson's place, is still in custody, as is also the white woman with whom he lived. The police have no evidence against him.

## NEW BOOM TO WHEAT.

Russia Likely to Prohibit Its Export.

GREATLY INCREASE OUR MARKET.

Europe Must Then Turn to This Country For Her Entire Supply—Exports of Grain Threaten to Marvellously Pass the Record.

PHILADELPHIA, Aug. 23.—Word has been received at this port that the Russian government is meditating a promulgation of a decree prohibiting the export of wheat, owing to the small crops in southern Russia, and this report is causing some uneasiness to those interested.

The effect of this action would be to create a strong demand for tonnage in the Black sea, so that as much grain as is possible may be shipped before the prohibition takes effect. This in itself would be calculated to force up freights on vessels loading here. A well known shipping man in this city said that this contemplated action of the Russian government makes it an almost settled fact that Europe must look to the United States alone to fill her orders for cereals. Just what increase of business this means for Philadelphia, New York and Baltimore alone is incalculable.

The exports of grain from Philadelphia, which already are the largest on record, will reach figures in excess of what has been the most sanguine expectation of shippers. Within the next few weeks cargoes of grain will be shipped from here to ports in the Adriatic sea to St. Louis du Rhone, Marseilles and Alexandria, Egypt. This in itself serves to confirm the rumored prohibitory export law of the Russian government or unless something of the kind is contemplated it would be an unusual action to make such imports from ports at such a distance.

Among the fixtures made for Mediterranean ports may be mentioned the British steamship Picton, which loads either here or at Baltimore 14,000 quarters of grain for Cork for orders at 2 shillings and 6 pence, with option of Marseilles or St. Louis du Rhone at 4 shillings, and the steamship Ruyisdall 12,000 quarters for Cork for orders at 3 shillings 4½ pence and Adriatic 4 shillings 1½ pence.

DOLLAR WHEAT AT CHICAGO.

The Boast of the Bulls Came True For the First Time in Six Years.

CHICAGO, Aug. 23.—The dollar wheat prophets were all gratified Saturday. After an absence of six years the much-talked-of figure reappeared for a moment during the regular session of the board of trade, and the century mark was passed on the curb after 'change closed.

NEW YORK, Aug. 23.—Wheat bulls added about 5 cents a bushel to the dollar mark, and are now out-footed for \$1.25 a bushel in the New York market.

PHILADELPHIA, Aug. 23.—The wheat market Saturday went to \$1.08 and made the biggest advance that has been realized for many years past.

HINT AT REVOLUTION.

Denver Labor Men Resolve to Fight Court Injunctions to the Last Ditch.

DENVER, Aug. 23.—The Denver Trades and Labor assembly has adopted sensational resolutions regarding the great coal strike. After caustic reference to the growing tendency toward "government by injunction" and the "usurpation of highways by the hirelings of capital," the resolutions say:

"Resolved, That we believe the time is near when peaceful methods on the part of outraged labor must give place to forcible resistance of armed capital, even though badged with the venal and corrupt authority of plutocratic judges."

"Resolved, That we hereby place ourselves on record as being, to the last extreme, against tolerating the present or any other attempt to abridge any of the rights, privileges and liberties of free men."

The resolution then pledges the assembly in advance to abide by the decision of the St. Louis conference and calls for a mass meeting to be held in Denver the present week to take action on the question of "government by injunction."

DUTY OF MILITIAMEN.

Atkinson's Organ Says They Should Not Serve Against Strikers.

PARKERSBURG, Aug. 23.—The Sunday News, Governor Atkinson's organ here, editorially commenting in Sunday's issue upon the recent order directing the state militia to hold themselves in readiness to aid in the suppression of disorder among the miners, says:

"The power to suppress trouble among the miners, should there be any, has gone out from the state, and none but the United States troops must be called in. Every patriotic national guardsman should refuse pointblank and emphatically to take the field in this struggle in West Virginia." The editorial is believed to have been inspired,

Colonel Winans says Pennsylvania will send the most people to the encampment with New York second and Ohio third in attendance.

**EXTERMINATION OF SEALS.**

Dr. Jordan Brought Back Disastrous Reports From the North.

PORTLAND, Or., Aug. 23.—Dr. David Starr Jordan, commissioner-in-chief of the fur seal investigation, has passed here on the revenue cutter Rush enroute for San Francisco. Dr. Jordan reports the satisfactory completion of the summer's investigations by the British and United States commissions.

"The breeding grounds show a shrinkage of about 15 per cent over the conditions of last season; the hunting grounds a shrinkage of 33 per cent. This is about what was predicted by the American commission last year and the conclusions are fully vindicated in all important regards."

"The primary cause of shrinkage of females on the breeding grounds is the pelagic catch of last fall and this spring. To this is added the loss due to starvation of orphaned pups in 1894, which should this year have lived to give birth to their first pups. This starvation in 1894, effecting as it did in a like measure the male herd, is the cause of the diminution of killable seals on the hunting grounds."

"The decline of the herd is everywhere more distinctly marked than it was last year, owing to the effects of the resumption of pelagic killing in Bering sea after the modus vivendi of 1893. For 1898 the shrinkage will be still greater through the destruction in 1894 of unborn pups with impregnated females killed."

**MINERS SAIL FOR KLONDYKE.**

An Express Company Organized For Service to Alaska.

VICTORIA, B. C., Aug. 23.—The steamer Danube has started on her voyage to Skaguay bay with another large crowd of miners for the Klondyke and a full cargo of freight.

The steamer Coquitlan has returned from Dyea and Skaguay. She brings word that a man has been banished from Skaguay by prospectors for attempting to collect a toll of 50 cents from each person crossing a tree which he had felled across a creek on the trail. He was given 12 hours to get out. The day the steamer left five men arrived with \$10,000 in gold dust.

TACOMA, Wash., Aug. 23.—The Alaskan Pacific Express company has been organized by the Pacific Coast Steamship company. This is the first express company giving service to Alaska.

**Prominent Men Suspected of Murder.**

SHEPHERD, Mich., Aug. 23.—It is thought that three prominent men in this vicinity are the murderers of cashier Strubles, but officers will not divulge names. They are watched every moment, day and night, and cannot escape. Arrests are likely to take place at any moment now. There is great excitement among the people here and at Mt. Pleasant and lynching is freely talked by many. They shot Struble in the bank vault Saturday and robbed the bank.

**ALBANY LIKELY THE PLACE.**

Will Probably Get the Next Convention of U. P. Young People.

INDIANAPOLIS, Aug. 23.—The ninth annual convention of the United Presbyterian Young People's Christian union has passed into history. The place of meeting next year will not be decided until the general committee meets in October, but Albany, N. Y., has the call, and there is little doubt that the convention will be held there.

Two consecration meetings were held Sunday morning, one at Tomlinson hall for men, led by the Rev. R. A. Torrey, and the other for women at the First Baptist church, led by Mrs. Edith Livingstone Peake. Both were largely attended. The pulpits of the city and suburbs were filled with visiting pastors, and praise meetings were the order.

In the afternoon at Tomlinson hall John G. Wooley addressed an audience that crowded the hall and galleries to the doors. His speech was characterized by radical temperance utterances and it created a sensation.

The treasurer's report shows a balance on hand of \$859.04. A. J. Robinson, chairman of the committee on resolutions, reported favorably the resolution looking toward a union of the Christian unions of the United and Reformed Presbyterian churches.

The title committee recommended that the title committee be a permanent feature of the young people's work; that every presbytery be requested to appoint a title secretary. Officers were elected as follows:

Institute members of the general committee—H. H. Parash, Cambridge, N. Y.; Prof. Morgan Barnes, New Wilmington, Pa.; M. S. Beals, Bellefontaine, O.; E. K. Marquis, Indianapolis; Rev. Robert Lamont Hay, New Brighton, Pa. Title committee—Rev. T. H. Hanna, Jr., chairman, Steubenville, O.; D. L. Reed, Pittsburg; Hugh Kennedy, Sharpsburg, Pa. Secretary of junior work—Rev. W. I. Wishart, Allegheny.

Indiana presbytery received the banner for the largest enrolled attendance at the convention, the representation being 457. The banner for the educational institution having the largest enrolled attendance of students went to Monmouth college.

**OIL FOR NAVAL VESSELS.**

A Lieutenant to Investigate in the Pennsylvania Oil Fields.

WASHINGTON, Aug. 23.—The secretary of the navy has ordered Lieutenant Nathan Sargent to proceed at once to the oil fields of Pennsylvania, where he will make a careful investigation of the various grades of petroleum produced in that region with a view to its use as fuel for marine engines. Upon the conclusion of this work he will report to the authorities in charge of the Newport torpedo station and plans will be drawn up for an oil engine, which will be placed in one of the new torpedo boats now being built by the Harshoffs.

This will be the first attempt to use petroleum as a fuel for the torpedo fleet, but from the success that has been attained with this motive force in swift steam launches owned by private parties both here and abroad the navy department looks very favorably on the experiment. Some of the advantages expected from the new fuel are economy of machine space and consequently greater fuel carrying capacity, economy in the cost of fuel and the ability to develop extremely high steam pressure under forced draught.

The plans for the new engine are not yet laid and will depend largely on the report on the various grades of petroleum at command. It is possible that with this innovation in fuel will be combined the use of the steam turbine engine, whose success in the English torpedo boat Turbina has marked a decided epoch in the development of these fleetfooted destroyers abroad.

**Wilson's Murder Still a Mystery.**

PHILADELPHIA, Aug. 23.—There are no developments in the mystery surrounding the murder of Major W. O. Wilson, the aged librarian, on Monday night last, and the case bids fair to take rank among the dark, unsolved crimes of local history. Marian Stuyvesant, the mulatto, who was employed as a porter in Wilson's place, is still in custody, as is also the white woman with whom he lived. The police have no evidence against him.

## NEW BOOM TO WHEAT.

**Russia Likely to Prohibit Its Export.**

**GREATLY INCREASE OUR MARKET.**

Europe Must Then Turn to This Country For Her Entire Supply—Exports of Grain Threaten to Marvellously Pass the Record.

PHILADELPHIA, Aug. 23.—Word has been received at this port that the Russian government is meditating a promulgation of a decree prohibiting the export of wheat, owing to the small crops in southern Russia, and this report is causing some uneasiness to those interested.

The effect of this action would be to create a strong demand for tonnage in the Black sea, so that as much grain as is possible may be shipped before the prohibition takes effect. This in itself would be calculated to force up freights on vessels loading here. A well known shipping man in this city said that this contemplated action of the Russian government makes it an almost settled fact that Europe must look to the United States alone to fill her orders for cereals. Just what increase of business this means for Philadelphia, New York and Baltimore alone is incalculable.

The exports of grain from Philadelphia, which already are the largest on record, will reach figures in excess of what has been the most sanguine expectation of shippers. Within the next few weeks cargoes of grain will be shipped from here to ports in the Adriatic sea to St. Louis du Rhone, Marseilles and Alexandria, Egypt. This in itself serves to confirm the rumored prohibitory export law of the Russian government or unless something of the kind is contemplated it would be an unusual action to make such imports from ports at such a distance.

Among the fixtures made for Mediterranean ports may be mentioned the British steamship Picton, which loads either here or at Baltimore 14,000 quarters of grain for Cork for orders at 2 shillings and 6 pence, with option of Marseilles or St. Louis du Rhone at 4 shillings, and the steamship Ruyisdall 12,000 quarters for Cork for orders at 3 shillings 4½ pence and Adriatic 4 shillings 1½ pence.

**DOLLAR WHEAT AT CHICAGO.**

The Boast of the Bulls Came True For the First Time in Six Years.

CHICAGO, Aug. 23.—The dollar wheat prophets were all gratified Saturday. After an absence of six years the much-talked-of figure reappeared for a moment during the regular session of the board of trade, and the century mark was passed on the curb after change closed.

NEW YORK, Aug. 23.—Wheat bulls added about 5 cents a bushel to the dollar mark, and are now out hot-footed for \$1.25 a bushel in the New York market.

PHILADELPHIA, Aug. 23.—The wheat market Saturday went to \$1.08 and made the biggest advance that has been realized for many years past.

**HINT AT REVOLUTION.**

Denver Labor Men Resolve to Fight Court Injunctions to the Last Ditch.

DENVER, Aug. 23.—The Denver Trades and Labor assembly has adopted sensational resolutions regarding the great coal strike. After caustic reference to the growing tendency toward "government by injunction" and the "usurpation of highways by the hirelings of capital," the resolutions say:

"Resolved, That we believe the time is near when peaceful methods on the part of outraged labor must give place to forcible resistance of armed capital, even though badged with the vernal and corrupt authority of plutocratic judges."

"Resolved, That we hereby place ourselves on record as being, to the last extreme, against tolerating the present or any other attempt to abridge any of the rights, privileges and liberties of free men."

The resolution then pledges the assembly in advance to abide by the decision of the St. Louis conference and calls for a mass meeting to be held in Denver the present week to take action on the question of "government by injunction."

**DUTY OF MILITIAMEN.**

Atkinson's Organ Says They Should Not Serve Against Strikers.

PARKERSBURG, Aug. 23.—The Sunday News, Governor Atkinson's organ here, editorially commenting in Sunday's issue upon the recent order directing the state militia to hold themselves in readiness to aid in the suppression of disorder among the miners, says:

"The power to suppress trouble among the miners, should there be any, has gone out from the state, and none but the United States troops must be called in. Every patriotic national guardsman should refuse pointblank and emphatically to take the field in this struggle in West Virginia." The editorial is believed to have been inspired.

FEAR CAUSED DEATH.

GLENN'S DREAD OF HYDROPHOBIA PRODUCED ALL ITS SYMPTOMS.

He Had Been Bitten by a Dog Which Was Not Rabid—After Six Weeks His Fears Mastered Him and He Died Frothing and Barking.

Thomas Glenn of Belleville, N. J., died in St. Michael's hospital, Newark, the other day. It was reported then that he was the victim of hydrophobia.

But he was not. He had simply frightened himself to death. A dog had bitten him. The fear of hydrophobia completely possessed his mind. He talked of hydrophobia, he dreamed of it, the dread of it became his mania. He was the victim, not of the disease, but of his own diseased imagination. Finally Glenn died because he was hydrophobia mad, not because he had hydrophobia—died fearing to taste water, died barking like a dog.

"Simulated hydrophobia, complicated by pneumonia," was the doctors' final verdict on his case.

Glenn was a Hercules and never knew what illness meant. Six weeks before his death he was twice bitten on the hand by a large dog owned by A. Jerolomon, a Belleville butcher. A physician cauterized Glenn's wounds and he continued to work. He complained to Justice Cornell that the dog had rabies, was mad and should be shot. Jerolomon insisted that the dog had not rabies, but the dog was killed.

From the very moment he was bitten dread of hydrophobia took possession of Glenn. He could talk of nothing else to his friends. If they laughed at his fears or called them childish, he became angry.

Glenn's mania quickly became more acute. If a dog passed him in the street, he shuddered. If a dog barked, he hurried away. He awoke in the morning trembling and shouted:

"I'm done for, I'm dying. I know I shall have hydrophobia before night."

He often asked concerning the Pasteur treatment for hydrophobia which prevents the full development of the disease just as vaccination prevents smallpox. At the same time the morbid state of Glenn's mind was proved by the eagerness with which he listened to tales about mad dogs, to stories of men bitten by dogs with rabies. At one moment he wished to know how to cure hydrophobia, at the next he deliberately excited his own fears that he would die from it.

Finally while Glenn was at work an unaccustomed draught of air struck him, and he began to shiver. This hydrophobic maniac had carefully studied all the symptoms of real hydrophobia. He had learned that supersensitiveness of the skin is one characteristic of the disease. He began to shiver. He said to himself: "At last this is the beginning of the end. There can be no longer doubt; I am doomed."

He went home, went to bed and sent for Dr. Clark of Forest Hill. The doctor heard the history of the case, learned of the dog bites, learned that six weeks had elapsed since they were inflicted. Then he examined his patient, whom the lightest breeze threw almost into convulsions, who was beginning to have a rigidity of the jaw and pharynx, who could with difficulty swallow water. But Dr. Clark's patient was cunning, as all such madmen are. Glenn did not tell his physician of the fears that had tortured him. Dr. Clark knew that cases of real hydrophobia are infinitely more common than cases of simulated hydrophobia. So Dr. Clark said:

"This looks much like a case of hydrophobia. It has many of the symptoms."

That sounded like a death knell to Glenn. But what man, mad or sane, abandons hope of living? Next day Glenn called in Dr. P. H. Winans of Washington avenue, Jersey City. By that time Glenn was frothing at the mouth and barking like a dog.

To place a glass of water to his lips was to throw him into a fearful convulsion. Dr. Winans got a complete history of Glenn's illness from his friends. He learned of the man's intense fears and how they grew upon him and mastered him. He found, too, some symptoms of pneumonia that were not serious, and that certainly had nothing to do with hydrophobia, real or simulated.

"This man has not hydrophobia," said Dr. Winans, "but he thinks he has, and in this case it is as bad. He is in the deepest mental depression. He is sure he will die of hydrophobia, and he will unless the thought can be driven from his mind. Send him to a hospital. The change of scene may act favorably."

Glenn at first refused to go to the hospital. But at last he consented and was taken to St. Michael's hospital. There for awhile he showed all the symptoms of the disease that existed only in his mind. As he sank the symptoms of pneumonia became more plain. But there can be no earthly doubt that this Hercules frightened himself to death.

There were rumors in Belleville that Jerolomon's dog had bitten a number of persons, and threats against vagrant dogs have been uttered. But now it is certain, as always, that there will be no hydrophobia in Belleville unless dogs go mad and unless men's fears drive them into a horrid similitude of the disease.—New York Journal.

Manager Grafton Will Be Here to Arrange It This Evening—Lynch Pitched Phenomenally For Salineville—Mercer Hit by a Swift Ball.

Despite the fact that they had an umpire and nine men to play, the Liverpool team last Saturday afternoon, defeated Toronto by a score of 10 to 9.

Before the game opened, Peck Hester had his little finger broken in going after a high ball thrown by Davis, and John Godwin was placed on third. The Liverpool boys were accompanied by a large crowd of rooters who, on several occasions, came very near being ejected from the grandstand.

The game was closely contested throughout, and was in doubt until the last man was put out. The features of the game were the work of McNicol at short, the fielding of Heckathorn and the heavy hitting of Webber and Heckathorn. The score:

Manager Grafton, of the Wellsville team will in be the city this evening for the purpose of arranging a series of games with the Liverpool club for the championship of the two cities.

Mickey Lynch last Saturday pitched a phenomenal game for Salineville and shut out the Irondale team without a hit or a run.

Winne Mercer pitched good ball against the Chicago team, but was hit by a batted ball in the fifth inning, and compelled to retire in favor of McJames.

The Rugby football team will meet this evening when a name will be selected for the organization.

The Poenix club will play the Wellsville clerks at West End park, Thursday afternoon. This will be the first time the teams have met and a good game may be expected.

A letter was received this morning from the New Cumberland team, wanting to play Liverpool at that place, next Saturday. The offer will probably not be accepted.

Joe Cartwright will be signed by the Liverpool team to cover right field.

The Rugby football team are making arrangements to play a game on Labor day, and will endeavor to secure Wellsville for the attraction.

In the Churches.

Reverend Norris, of Pittsburg, preached an excellent sermon at the First M. E. church yesterday morning. Doctor Milligan was also present. Doctor Reager, of Wellsville, preached in the evening.

The union meeting at the Young Men's Christian association was largely attended and an enjoyable service.

Reverend Crow, of Warren, occupied the pulpit at the First U. P. church yesterday.

Reverend Davies, of Kenyon college, conducted services at St. Stephen's yesterday morning and evening.

Prof. O. S. Reed delivered an excellent sermon at the Christian church last evening. His subject, "How Infidels Are Made," was ably handled.

New Teacher Here.

Gordon G. Armstrong, the newly elected high school teacher, arrived in the city last evening on the Kanawha and registered at the Lakel house, from Delaware. During the summer he has been teaching mathematics in a school in that city.

Two base hits: Haggerty, Daniels; home runs, Donaghy, Heckathorn, 2, Webber 2; struck out by Webber 8.

Manager Grafton, of the Wellsville team will in be the city this evening for the purpose of arranging a series of games with the Liverpool club for the championship of the two cities.

Mickey Lynch last Saturday pitched a phenomenal game for Salineville and shut out the Irondale team without a hit or a run.

Winnie Mercer pitched good ball against the Chicago team, but was hit by a batted ball in the fifth inning, and compelled to retire in favor of McJames.

The Rugby football team will meet this evening when a name will be selected for the organization.

The Poenix club will play the Wellsville clerks at West End park, Thursday afternoon. This will be the first time the teams have met and a good game may be expected.

A letter was received this morning from the New Cumberland team, wanting to play Liverpool at that place, next Saturday. The offer will probably not be accepted.

Joe Cartwright will be signed by the Liverpool team to cover right field.

The Rugby football team are making arrangements to play a game on Labor day, and will endeavor to secure Wellsville for the attraction.

### In the Churches.

### SUCCESSFUL BALLOON ASCENSION

Professor Kinkaid Had a Nice Time In the Air—Some Good Sermons—Accident Brought Back a Wheelman—All the News of Wellsville.

The game last Saturday between Cumberland and the Crescents, was not all that was expected by the crowd. The Cumberland boys quit the game for what they thought was a very good reason—the lack of a square deal.

In the first inning Turner was pounded unmercifully, the visitors getting six hits and running up five scores. In the second inning Turner got a few knots out of his arm and retired with a bland smile of satisfaction. He had found them. In the third while Cumberland held its own Wellsville managed to score four runs. Then came a close decision on first in the first half of the fourth, and Cumberland, thinking it most unfair, retired from the field in disgust.

Cumberland was playing for expenses alone, and Manager Grafton decided that since they had quit they could not have the money, and the visitors started home.

Last year the Crescents and Cumberland played a close game at Cumberland and lost by a score of 5 to 4. This put both teams on their mettle. There was much feeling in the game before it commenced. This had something to do with the boys quitting.

The score was 5 to 4 in favor of Cumberland, but the visitors quitting of course lost them the game.

Professor Kinkade's balloon ascension was all that could be expected. It was an ideal day for the ascension. After the balloon was inflated and all preparations made Kinkade attached a trapeze and gave the word. He swung gracefully into the air as the balloon arose. It rose gracefully and did not seem to be disturbed by the slight breeze, but gradually worked toward the northeast until it became almost stationary at a height of about 3,000 feet. Then began the decent, slowly at first, and gradually increasing until the ground was reached.

While in the air Kinkade repeatedly performed on the trapeze and afterward cheered the crowd below, and did not seem to be doing otherwise than enjoying his position.

When the balloon reached the ground it landed not more than 1,500 feet northwest of the spot from which it started. He has made arrangements with the picnic committee of Trades council, and will make an ascension at Columbian park on Labor day.

### The Churches.

Reverend Bowers preached two good sermons yesterday. The morning subject was "Doing and Knowing," and in the evening the character study, "Joseph." Both morning and evening the house was crowded.

Reverend Stevenson preached an instructive and interesting sermon at the Methodist Protestant church yesterday evening. He took his subject from two connecting passages: "Ye are not your own" and "you are bought with a price." The service was well attended by an interested audience.

### The News of Wellsville.

Horace Mosier, of Hotel Davies, will leave for Sharpsville, today.

Ed Bunting and Clarence Stahl took a spin to Steubenville, yesterday, on their wheels.

S. S. Thorn and George Earle left for Buffalo this morning, to attend the Grand Army encampment.

An east bound extra freight left the yards yesterday that was the longest train that has been pulled out of this place in many a day. While the caboose was at Fourth street the engine was at Malone's, above "Driven from home."

Slaters are busy at work on the round house repairing the roof.

Walker's terra cotta and brick works are undergoing general repairs. A new chimney is being built and the residences and other buildings are being repaired. The company expects a good run.

A horse belonging to George Gloss, of Commerce street died yesterday.

Winfield Grafton, who was stabbed in the hip by Frank Geisse, of the West End, is able to be about. He was not badly hurt.

### Salaries Earned by Successful Buyers.

A good buyer who year after year increases his business and the reputation of his department, who leaves for the semiannual inventory a clean and desirable stock—one who, in fact, has the genius of money making—is paid a salary in the big houses of from \$5,000 to \$10,000 and often a percentage on the yearly increase of his sales. In some of the largest departments a number of the most capable buyers thus receive as much as \$30,000 a year and are regarded as cheap at that, a fact which can be readily understood when it is remembered that in a single department of a great shop selling, say, \$1,000,000 worth of goods a year, a difference of 5 per cent in the profits, which may be the result of a good manager as distinguished from a mediocre one, amounts to \$50,000. On the other hand, in the lower class stores buyers in many of the departments are paid as low as \$25 a week, with no percentage. If the large incomes are the great exception, it is also to be said that the opportunities are more numerous than the men with the ability to take advantage of them.—"The Department Store," by Samuel Hopkins Adams, in Scribner's.

Elizabeth Stuart Phelps relates that once, when Longfellow was visiting her at her Gloucester home, she pointed out to him the reef of Norman's Woe and was surprised to find that, although he had wrecked the schooner Hesperus on it, he had never before seen it.

From Venice to Washington is a distance of 3,835 miles.

### AT THE END OF THE ROAD.

Only as a Last Resort Would He Part With His Treasures.

A bent old man, shabbily clad, with a face like the face of the poet Bryant. In the evening twilight he stands, beside the desk of one who is a stranger to him, in a little town in northern California.

"I ask you to pardon me," in a voice that trembles and is low.

Something confused as to illness and weariness and then:

"It pains me to seem a beggar, but I am near the end of the road, and"—

The sentence dies in inarticulate murmur, and from under the worn coat comes a small bundle wrapped in a bit of faded oilcloth.

"It is hard to part with them, even now," slowly removing the oilcloth, "but if there is some one here who cares for rare editions of good books they may be thought fair exchange for the price of shelter and something warm."

A well thumbed Shakespeare, a carefully preserved "Imitatio Christi."

The old man looks at them tenderly as they are exposed to view and places them reverently on the desk.

The man at the desk views the books coldly and denies the plea for aid. Not that he is consciously unkind, but experience with vagabonds has made him suspicious, and he interprets the pathos as a new imposture.

Next morning, an hour after sunrise, a pedestrian finds an aged man, with a face like that of the poet Bryant, lying in the shelter of a cypress hedge by the roadside. The tired heart is still. Rest must have come about the time the sunshine touched the valley. Beside the sleeper, as though it had fallen from beneath his coat, a well thumbed Shakespeare, clasped in his gaunt hands a carefully preserved "a Kempis." The "a Kempis" has a sprig of cypress for a bookmark, on one of the pages between which it rests this passage:

"O Father, always to be honored, the hour is come which from all eternity thou didst foresee would arrive; that thy servant for a short time should be oppressed exteriorly, but interiorly should ever live unto thee; that he should be for a little slighted and humbled and should fall in the sight of men."—San Francisco Call.

### A Million Stamps.

A million postage stamps weigh 64 pounds. Joined together in one line they would reach 15 miles 4,133 feet, or cover an area of 5,200 square feet, and stacked together they would reach a height of 125 feet. To count them would take one person 4 weeks 8 days 7 hours 40 minutes, allowing one count each second and ten hours' work a day.

### ST. PAUL'S ROCKS.

A Submarine Mountain In the Middle of the Atlantic Ocean.

Almost at the very center of the Atlantic ocean—only a trifle north of the equator and about half way between South America and Africa—is a submarine mountain so high that, in spite of the immense depth of the sea, it thrusts its peak 70 feet above the waves. This peak, startling from its position, forms a labyrinth of islets, the whole not over half a mile in circumference, known as St. Paul's rocks. So steep is the mountain, of which this lonely resting place of sea birds is the summit, that one mile from these rocks a 500 fathom line with which soundings were attempted by Ross on his voyage to the Antarctic failed to touch bottom.

Were the bed of the sea to be suddenly elevated to a level with the dry land, St. Paul's rocks would be the cloud capped peak of a mountain rising in sheer ascent in the midst of a broad plain. They are supposed to have been formed by the same disturbance of nature which separated the Cape Verde islands from Africa.

Treacherous currents make navigation in the vicinity of these rocks dangerous. A Brazilian naval officer, who passed them on an English steamer, tells me that the evening before they expected to sight them he was told by the captain that at 5 o'clock in the morning they would appear about five miles west. At that hour the officer went on deck and looked to the westward—nothing but an expanse of heaving sea. He chanced to turn, and there, five miles to the eastward were—the rocks. The currents had, in less than 12 hours, carried a full powered steamer ten miles out of her course.—Gustav Kobbe in St. Nicholas.

### Wanted to Die With a Clean Shirt.

An unknown man at the house of C. W. Dickerson, Madison avenue, Chicago, the other night, begged for a clean shirt in which, he said, he might die, being tired of life, but wishing to die like a gentleman. He got the shirt, but was thought to be joking. He put it on, and, going to the Illinois Central tracks, laid his head on a rail before an approaching train and was killed.

And prate of freedom and glory yet  
Where a million strikers tread!

And sing the song of "the brighter days"  
And say, "Be ye clothed and fed!"  
While the sun of liberty throws his rays  
Where a million strikers tread!

An unknown man at the house of C. W. Dickerson, Madison avenue, Chicago, the other night, begged for a clean shirt in which, he said, he might die, being tired of life, but wishing to die like a gentleman. He got the shirt, but was thought to be joking. He put it on, and, going to the Illinois Central tracks, laid his head on a rail before an approaching train and was killed.

## Song of the Strikers.

Up with the trusts while we gnaw the crusts  
And our children cry for bread,  
And the flag of the free waves merrily  
Where a million strikers tread!  
Up with the trusts while we groan and sweat  
And lives to the dark are led,  
And prate of freedom and glory yet  
Where a million strikers tread!  
And sing the song of "the brighter days"  
And say, "Be ye clothed and fed!"  
While the sun of liberty throws his rays  
Where a million strikers tread!

## Greeks Want War Continued.

## SUED FOR A BIG SUM

Paul Kohler's Father Wants \$13,000

FROM A SALINEVILLE COMPANY

The Boy Was Instantly Killed Last March While Riding on a Train of Coal Cars In the Ohio and Pennsylvania Mines—How the County's Money Is Distributed.

LISBON, August 23.—[Special]—The Ohio and Pennsylvania Coal company, of Salineville, is charged with negligence which resulted in the death of Paul Kohler last March. The charge appears in two damage actions asking \$13,000. They were filed by Lewis Kohler, father of the boy.

Kohler was but 15 years of age, and was killed in the mine, where he was employed, by being thrown from a loaded train, three cars passing over his body. Death was instantaneous. One suit asks \$10,000 for his death, and the other for \$3,000 which the father claims his services were worth to him until he should have attained his majority.

THE COUNTY'S MONEY.

How It Is Being Distributed by the Officials.

LISBON, Aug. 23.—[Special]—Deputy Auditor Adams has completed the tabulation of the annual collection and distribution of county funds in accord with the August settlement. It is of interest as showing how the funds are distributed.

The report shows that the total tax collected from the general duplicate is \$208,898.78; dog tax, \$103; delinquent personal, \$2,893.52; liquor, \$22,360.72; cigarette, \$210; total, \$234,486.06. Of this amount the state gets \$37,269.12; county, \$55,946.79; township, \$19,838.17; school, \$64,252.68; corporation, \$67,179.30. The amount received from the state for school purposes is \$14,409.75.

The amount apportioned to Liverpool township is \$1,767.27; Liverpool township schools, \$545.62; city, \$20,493.77; schools, \$14,496.57.

Wellsville corporation gets \$1,691.17, schools, \$7,951.67.

Emily K. Smith has sued to recover judgment on two notes and force to sale a part of two lots on West Market street, Liverpool. Jno. Deslandea gave the plaintiff a note for \$1427, and Patrick McCollough gave one for \$1130. The notes were secured by mortgages on this property.

Eliza Dyke has sued J. R. Young and L. S. Randolph, executors of the estate of Richard Randolph, of Middleton. She wants \$600 on a note.

IMPORTS AND EXPORTS.

A Few Statistics That Will Interest the Potter.

The imports of china, porcelain, parian ware, etc., not decorated or ornamented, into the United States for one year ending June 30, 1897, were \$1,513,474, against \$1,804,425 in 1896. Of decorated ware, \$8,087,512 in 1897, against \$8,314,996 in 1896. Of glassware, \$2,328,314 in 1897 against \$3,805,812 in 1896. Of clocks, \$448,600 in 1897, and \$524,322 in 1896. Of toys, \$3,295,057, in 1897, and \$2,506,410 in 1896. The exports of earthen, stone and china ware in 1897 amounted to \$177,832, against \$149,388 in 1896. Of glassware (not window glass), \$1,194,818 in 1897, against \$1,047,231 in 1896. Of toys, \$133,792 in 1897, and \$143,390 in 1896. Remaining in warehouse were \$66,542 of earthen, china ware, etc., in 1897, against \$525,018 in 1896. Of glassware, \$337,482 in 1897, and \$409,642 in 1896.

On the River.

The river took a tumble since Saturday noon, and at a late hour today, the marks showed 4.2 feet of water in the channel at this port.

Passed up: Ben Hur, Keystone State and Kanawha. The last named craft did not pass until 10:30 in the evening. Shipments from southern to eastern markets heavy.

Work on the new government dam at Beaver, is being pushed forward rapidly, but it will be some time before it is completed. The Return and Catharine Davis are now at work there.

Still a Good Record.

Saturday's business at the freight depot was up to the record of the days preceding, and 17 cars were loaded and sent out. Eight were unloaded. It is estimated 96 cars were handled in the yards during the day. There is a steady increase in shipments.

WANTED.

Bids for stonework. For plans and specifications, apply to the Sebring Pottery Company.

CLEVER SHOOTING.

Crack Shots of the National Guard of Pennsylvania.

Commencing on Monday, August 30, about 200 marksmen of the Pennsylvania National Guard will assemble at Mount Gretna, Lebanon county, Pa., some 46 miles east of Harrisburg, and contest for five days for supremacy in the use of the military rifle, shooting at 200 yards off-hand, and 500 and 600 yards lying prone, face towards the target. The best marksmen of the Keystone state will be there assembled, and the finest shots will be accorded the honors, even if said marksmen wear but the uniforms of privates. Each marksman will have seven shots at each range, and two contests will take place daily, forenoon and afternoon.

The team of the Tenth regiment, to which Manager Palmer belongs, contested at the Connelville range, Fayette county, Pa., last week, and made excellent scores, winning warm commendation at the hands of the Inspector of rifle practice, Lieutenant John Pauley. The team which will do battle for the Tenth next week, at Gretna, is as follows: Lieutenant Thompson, Harry Palmer, Homer Harris, Corporal Funkhouser and Corporal Beitsch. Captain Harry Watson, of New Brighton, will go to Gretna with the team, acting as assistant to the inspector of rifle practice.

In 42 shots fired at the Connelville range, at 200 yards, offhand, Manager Palmer made the handsome score of 176 points, or eight points above centers.

A RECEIVER

Was Appointed by the United States Fire Clay Company.

LISBON, Aug. 23.—[Special]—W. D. Bristol was appointed receiver of the United States Fire Clay company, of this place, by Judge Gilmer at Warren. Separate actions were filed by the Marine National bank for \$1,593.19, Merchants and Manufacturers \$9,199, Second National \$4,812.13, all of Pittsburg, and the First National, of Lisbon, for \$387.96. The plant has been operated for 20 years, and employs 500 men.

A SPECIAL MATTER.

Inspector Hull Was Here on Particular Business.

Factory Inspector R. M. Hull was here today from Salineville. He acknowledged that he had been called here on special business, but refused to say anything further. The matter, he said, would not find its way into the courts.

One of the Old Ones.

Mrs. Nancy Wood Kilburn of Worcester is believed to be the oldest person in Massachusetts. She celebrated her one hundred and second birthday on July 12. She is in good health for one of her years, and is but slightly deaf. When 90 years old, Mrs. Kilburn made a trip to Michigan to visit one of her children. She has not left the house for six years. Her memory remains good and she recalls vividly the death of the "father of his country" and the prevailing grief over the occurrence. This was when she was less than 5 years old, and she has a clear recollection of her father and other neighbors wearing crape on their arms.

Their Numbers Increasing.

The remarkable growth in the proportion of women teachers during the last 20 years is not by any means confined to the United States. On the contrary, it is pretty general, and it is a significant fact that it is most marked in those countries where the standard of education is highest, as in England, Denmark and Germany. The march of education has likewise been rapid. In Europe the number of children attending school since 1840 has increased 145 per cent, and even this is slight when compared with the increase in the United States, where there are now over 14,000,000 children enrolled.

A Woman's University.

The Bishop of Durham thinks the time has come when the women should have a large university of their own. The Churchman falls in with this idea, being impressed by what women are doing in the world of religion and education. And it bears this testimony as to their union of wisdom and power: "Those who preside over the conventual houses of this country and Europe have just as much controlling power and show just as much administrative judgment and ability as is shown in the management by men of the monasteries or the orders to which they act as superiors."

The Boy Ran Away.

This morning a Market street parent whipped his small boy, and the youngster announced his intention of running away. Going up street he mounted the bicycle owned by a young lady and rode away. His father was notified, but to a late hour had not succeeded in locating his son.

STUBENVILLE should give the press of that city a vote of thanks. The newspapers have become centennial programs.

"THERE'll be a hot time in Lisbon tomorrow," softly murmur some of the Democratic leaders as they think of the convention to be held at the county seat.

WHILE Coxe and Chapman are striving hard for second place, Governor Bushnell is so far in the lead that his position at the termination of the gubernatorial race is easily predicted.

THE boys of the old guard, older and fewer in number than ever before, are meeting this week in annual reunion. It will not be long until their reunions on earth will be over for ever, and the faithful defenders of the flag will have passed away, leaving in their track a glory which can never fade.

THE effort to show that business is not improving is a waste of good ink and paper. In every state and territory of the Union, thousands of men are employed where this time last year they were without work. The demand for everything is improving, and it is only a question of time until wages will be increased.

IF the Democratic editors, who waste much of their time in endeavoring to show that labor derives no benefit from the Dingley bill, will kindly come to East Liverpool for a few hours they can easily be convinced of their error. That Christmas gift for the thousands of operative potters in this county is ample proof that high tariff means fair wages.

THE effort to arbitrate the difference between the coal operators and miners will be successful, and the men will go to work, receiving more money for every ton of coal mined than before they threw down their picks. The supply in sight is daily growing shorter, and the big mining companies who control the situation cannot much longer see trade drifting away. They know they must settle and settle soon.

## THE RAILROADS.

Although the work has not yet been started on the construction of the East Liverpool, Fredericktown and Lisbon line, there is ample room for the belief that at last we are to have a road that will afford competition with the Pennsylvania company and permit of lower freight rates. The influence behind the new move is not local, but is possessed of sufficient power to carry the project to a successful completion and give the shippers of the upper Ohio valley what they have long sought. There is trade more than enough for another railroad, perhaps for several railroads, and when they are once in position to haul cars from this place, East Liverpool will be better fitted to grow larger and stronger and of more importance.

## Will Move Here.

Reverend Swift left this morning for Adrian, Mich., where he will at once have his household effects packed and shipped to this city. The gentleman and his family will occupy the residence now occupied by Professor Sanor.

## GOOD PROGRAM THIS WEEK

Some Speakers Were on Hand This Morning and More Will Be Here This Evening and Tomorrow—Business Sessions Will Be Held in Central Building.

The thirty-third annual session of the Columbiana County Teachers' institute began this morning in Central school building, and will continue during the week.

Because the arrangements were not clearly understood the attendance at the morning session was small, and more than an hour had passed beyond the advertised time before the meeting began. The instructors were not all here, Miss Ellen G. Revely, supervisor of schools, of Cleveland, and Prof. J. D. Luse, of Sandusky, being the only ones to put in an appearance. Prof. S. D. Sanor did not reach here until noon, and Prof. W. T. Bushman, of Buffalo, Prof. G. W. Alloway, Youngstown, Dr. W. L. Hervey, New York and Miss Margaret Umstead did not come until this afternoon. Miss Lizzie Wilson, the secretary, was also delayed. It is believed that all will be here by this evening, and that tomorrow will see a great many teachers in town. The program for this evening is a reception and social at the Young Men's Christian association. The address of welcome will be made by Hon. J. H. Brookes, and there will be responses by teachers and officers of the institute. The public is invited.

All the business meetings of the institute will be held at the school building, and the night previous at the association.

Devotional exercises were conducted by Rev. J. R. Green, this morning, and there was some music. "Modern Methods in Geography" was Miss Revely's subject, and she delivered a masterly address. Professor Luse also gave a talk on music, Professor McDonald, of Wellsville, presided at the meeting.

This afternoon Miss Revely spoke of "Aids in Geography Teaching," and Professor Luse again talked of music. The real work of the institute will begin tomorrow.

## MUST BE GOOD.

Colonel Hard Will Have Discipline in Camp.

WOOSTER, Aug. 23.—That the Eighth regiment, O. N. G., which goes into camp at Steubenville, tomorrow, under the command of Col. C. V. Hard, of this city, will do better duty and be under stricter discipline, will be understood by those who know Colonel Hard. The colonel today issued a circular to the command, in which he speaks in the plainest of words, first, saying that if there are any drunkards that they shall be left at home; second, that any soldier found under the influence of intoxicants will be subjected to the severest punishment; third, urging all to refrain from profanity and obscenity; fourth, serving notice that all orders issued relating to drills, absence from camp, will be strictly enforced, and violations of discipline severely punished.

## ROBBED IN STEUBENVILLE.

Samuel Douglass Left His Telescope in the Station.

Samuel Douglass was robbed in Steubenville, last Saturday, of a telescope containing a lot of clothing and \$2.45. Douglass left his grip in the ladies' waiting room of the Cleveland and Pittsburgh station, and went down the track to the freight depot, to look after some goods belonging to Company E, of this city. When he returned the baggage was gone. The police were notified.

A thief entered the residence of William Kennedy, in Second street, early yesterday morning, but was scared away. When Kennedy saw the man, he gave chase, and when he turned up Jackson street a telephone message was sent to the fire station, asking that officers be put on the case. Chief Morley and Officer Terrence went out on the case, but after making a careful search, failed to find him.

## A Noisy Pair.

A war of words took place last evening in the Diamond between a Wellsville young man and a young man from this city. Friends of the parties managed to quiet the disturbance before blows were struck.

## FELL FROM A WAGON.

J. E. Lewis Was Badly Hurt Out in the West End.

J. E. Lewis, aged 53, had his head badly hurt and shoulder dislocated Saturday afternoon by being thrown out of a wagon being driven by L. H. Scott. Both men were in the West End delivering pictures. As Lewis was about to sit down on the seat, Scott hit the horse with the whip, causing it to jump and jerked the wagon, throwing Lewis out. He was brought to Scott's office and the township trustees notified. Arrangements were made to take him to the infirmary yesterday morning by Trustee Lloyd, but as Lewis said he had been eating and had a bed in Wellsville he was taken there, the authorities of that place disposing of the case.

## MANY OLD SOLDIERS

Left This Morning For the National Encampment.

The excursion to Buffalo this morning was well patronized by people from this city. Two special coaches were attached to the early Pittsburg train. Both cars were well filled, and it is estimated about 90 people went from this place.

The encampment will begin tomorrow morning and will last three days.

## The Lisbon Fair.

The announcement is made that the Lisbon fair will this year be held Sept. 14, 15 and 16. In addition to the regular attractions there will be a number of special features. The last day will be given to the Grand Army men, and will be marked by a number of regimental reunions.

## A Fall.

An elderly lady who refused to give her name, stumbled on an iron grating at Sixth and Market streets Saturday evening and hurt her left arm. She was assisted to her feet by friends and was soon lost in the crowd.

## THE MAYOR COLLECTED

He Had an Unusual Number of Cases.

## ONE WOMAN WAS ARRESTED

But She Was Released Soon Afterward and Allowed to Go Her Way—Plain Drunks and a Few For Fighting—Work-house Fears Made Them Pay.

Business in police court was brisk yesterday morning, no less than seven cases being disposed of. One of the men who was arrested said "We have not got our 12½ per cent back yet, but we will celebrate just the same."

The first case up was Samuel Cartwright. He was charged with being an habitual by an uptown saloon keeper. Officer Woods made the arrest, and it cost him \$6.60. Next came James Meekin, who was arrested by Officer Terrance Saturday evening. Meekin has one leg and at one time was a member of the National League. He was drunk and was caught in Ben Little's stable. He was given a hearing, but was sent back to the coop. He said he had a sister in Boston, and if he died to send her word.

William Russell was next heard from. He paid \$7.60 and left. Russell was arrested Saturday evening by Officer Jennings. He was fighting, and when scooped in by the police, his wife appeared on the scene. She didn't want her husband to go to jail, and this had so much weight on him that resistance was offered. The wagon was called and both were taken down. The woman was released later in the evening.

Officers Bettridge and Woods arrested Dan Cochran for being drunk and fighting with a number of people. He paid \$7.60 instead of going to the works.

Ike Gourly and Gabe Darrah were arrested in Sixth street by Officers Whan and Terrence for fighting and being drunk. They were fined \$7.60 each, or 30 days. Some friends came around and got them out later in the day.

The patrol was used in each arrest, and the majority of them were made by the boys from the upper station. The city is enriched \$37 by the six cases.

## GOOD SNAKE STORIES.

It Is a Little Late, but They Are True, Nevertheless.

Tom Mitcheson yesterday had an experience with a snake. He was returning on foot from the country, when he ran across a snake of the blue racer species lying in the road. Mitcheson threw a stone at the snake and it turned on him and he ran. The snake chased him a short distance, but finally gave up. The reptile is described as being about seven feet long.

A blacksnake measuring three feet was killed yesterday afternoon, near the campground, and was nailed to the station.

A street car yesterday afternoon ran over and killed a copperhead about two feet in length, near the watering trough.

## Two Funerals.

The funeral of Mrs. M. A. Farmer took place yesterday afternoon from the residence of her daughter, Mrs. Hawkins, in Second street. Services were conducted by Reverend Huston. Interment was made in Riverview.

Mrs. Samuel Lentz, who died Saturday, was buried yesterday afternoon from the First M. E. church. A large number of friends were present. Interment was made in Riverview.

## Talked About a Factory.

Secretary Travis, of the board of trade, has been approached in regard to what the city would do if a glass plant should locate here. The parties will say nothing about the project until they have the plans for the buildings drawn. The man said he would return to talk business in a few weeks.

## An Alarm.

An alarm was sent to the fire station, Saturday evening, from Sheridan avenue, but as the department was about to leave the building, a telephone message was sent in to the effect that it had been extinguished. A lot of brush burning in the street was the cause.

## MEETINGS AT WINONA

The People Are Wonderfully Impressed.

DISTINGUISHED DIVINES PRESENT

Doctor Lee Writes of the Power of the Bible Conference—He Thinks He Has Learned How to Spend His Vacation. Many Persons Thore.

EDITOR NEWS REVIEW:—These are days of wonderful blessing to us at Winona Bible conference. We seem to have returned to the experiences of the early Christian church, when the Holy Spirit was poured out without measure and there was the corresponding consecration. Rev. J. H. Elliott's sermons on the Holy Spirit have made us all feel His presence and power. Dr. Alexander Patterson's bible readings on the life of Paul have made us see and feel in a marvelous way the power of God in a single life. Dr. Chapman's deep spiritual sermons have made us long for more knowledge and power. Dr. McGregor, of London, has done wonders for us. He is about 40 years of age, tall, spare built, somewhat clumsy in his manner of speaking and gesturing. He has black hair, black eyes, a strong face fronted by a large nose, upon which always rests a pair of spectacles. He speaks without show of eloquence, but with the power of a man who has come to witness to the truth which he knows by experience to be true. In his sermons are personal sins and surrender of self to God. He has spoken with wonderful power. I have been in many meetings and have seen effects of different kinds on different audiences, but I never saw what we see here every day. At 12 o'clock today when the principal forenoon services closed, an audience of nearly 1,000 people went out almost without saying a word to each other. It was too impressive a time for even the most talkative of us to utter a word. We have been made to feel that it is by "their fruits ye shall know them." Not what we say but what we are is to stand the test, as I think, it was Emerson who said: "What you do sounds so loud in my ears that I can not hear what you say." And what may seem strange to some is that right in the midst of the greatest spiritual manifestations, there has been a voluntary seeking by very many people for the purchase of stock and the purchase of lots. The greatest encouragement that the directors have had has come in this way and at this time. We take it to mean that God has accepted of our efforts and is approving in this substantial way of this whole movement. This has been so marked that Dr. Chapman said in a meeting only yesterday that beyond question God had set his seal upon this movement and this place, and that henceforth he would have as much interest in Winona as in his church. I think I am just learning how to spend my vacation. And I sincerely hope and pray that I may be of more service than ever to my people. With kind regards to all,

I am, yours very truly,

JOHN LLOYD LEE.

Winona Assembly, Eagle Lake, Aug. 21.

### Out at Spring Grove.

A resident of the camp ground has a large sewer pipe which is placed under the floor and is used for a cellar. Saturday morning the lady of the house cleaned it nicely and placed all the provisions for Sunday in the cellar, but forgot to cover it. A few minutes later she walked into the opening. Assistance was necessary to extricate her while the provisions presented a sorry appearance. The new trustees will meet this week and organize.

Last evening Carl Blackmore ran into the wire fence and had his face severely cut.

## The Land of Golden Nuggets.

JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

## Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer: strong, hardy and resolute—a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at about the age of 43. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods, far beyond the dreams of men, but he has evidently all this time been closely observing the conditions of that strange country—the Yukon Valley—which has so suddenly become one of the great centers upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space) people began to wonder and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man today alive who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desultory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights, year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

## MEETINGS AT WINONA

The People Are Wonderfully Impressed.

### DISTINGUISHED DIVINES PRESENT

Doctor Lee Writes of the Power of the Bible Conference—He Thinks He Has Learned How to Spend His Vacation. Many Persons There.

EDITOR NEWS REVIEW:—These are days of wonderful blessing to us at Winona Bible conference. We seem to have returned to the experiences of the early Christian church, when the Holy Spirit was poured out without measure and there was the corresponding consecration. Rev. J. H. Elliott's sermons on the Holy Spirit have made us all feel His presence and power. Dr. Alexander Patterson's bible readings on the life of Paul have made us see and feel in a marvelous way the power of God in a single life. Dr. Chapman's deep spiritual sermons have made us long for more knowledge and power. Dr. McGregor, of London, has done wonders for us. He is about 40 years of age, tall, spare built, somewhat clumsy in his manner of speaking and gesturing. He has black hair, black eyes, a strong face fronted by a large nose, upon which always rests a pair of spectacles. He speaks without show of eloquence, but with the power of a man who has come to witness to the truth which he knows by experience to be true. In his sermons are personal sins and surrender of self to God. He has spoken with wonderful power. I have been in many meetings and have seen effects of different kinds on different audiences, but I never saw what we see here every day. At 12 o'clock today when the principal forenoon services closed, an audience of nearly 1,000 people went out almost without saying a word to each other. It was too impressive a time for even the most talkative of us to utter a word. We have been made to feel that it is by "their fruits ye shall know them." Not what we say but what we are is to stand the test, as I think, it was Emerson who said: "What you do sounds so loud in my ears that I can not hear what you say." And what may seem strange to some is that right in the midst of the greatest spiritual manifestations, there has been a voluntary seeking by very many people for the purchase of stock and the purchase of lots. The greatest encouragement that the directors have had has come in this way and at this time. We take it to mean that God has accepted of our efforts and is approving in this substantial way of this whole movement. This has been so marked that Dr. Chapman said in a meeting only yesterday that beyond question God had set his seal upon this movement and this place, and that henceforth he would have as much interest in Winona as in his church. I think I am just learning how to spend my vacation. And I sincerely hope and pray that I may be of more service than ever to my people. With kind regards to all,

I am, yours very truly,

JOHN LLOYD LEE.

A resident of the camp ground has a large sewer pipe which is placed under the floor and is used for a cellar. Saturday morning the lady of the house cleaned it nicely and placed all the provisions for Sunday in the cellar, but forgot to cover it. A few minutes later she walked into the opening. Assistance was necessary to extricate her while the provisions presented a sorry appearance.

## The Land of Golden Nuggets.

### JOSEPH LADUE,

the new Bonanza King of the Klondyke Gold Regions, gives the facts. His book reads like "The Arabian Nights," BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets, beyond the dream of avarice. Joseph Ladue then

## Established Dawson City

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots 150x50 are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the west going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific coast and finally located in Alaska and the northwest, where he has covered almost the entire country since 1882. ## CAPTURED A BURGLAR

He Was Fleet of Foot, but Not  
a Safe Runner

GOING THROUGH A BACK WINDOW

When He Was Seen by Joseph Moon and  
Frightened So That He Ran Down Wash-  
ington Street—McMillen's Watch, Chain  
and Ring Were Found in His Pocket.

A burglar was captured Saturday night, and the police spent some portion of yesterday endeavoring to find his name and residence.

Joseph Moon, who boards at the residence of Millard Cochran, saw a man take a screen off a window in the rear of the house occupied by Mrs. Cordingly, at Third and Washington streets. The man was about to enter the house when Moon called to Cochran, and the burglar hastily quitting the premises, ran down Washington street. The men pursued him so closely that he was caught near Second street, but would not be taken without a struggle. He fought hard, but the others were too much for him, and he was soon turned over to the authorities at city hall.

A search of his clothing revealed the watch, chain and ring, stolen from the residence of William McMillen, Lincoln avenue, last week. The prisoner would not give his name, and no one seems to know him. Chief Johnson has seen him loitering about the city for several days.

Mayor Gilbert had a talk with the man this morning, and after much questioning he said his name was W. C. Wilson and his home in Chicago. He came here to find work. When arraigned he plead not guilty.

### AN AMERICAN PRINCESS' LAW SUIT.

A curious lawsuit has just been commenced at Paris between the American born Princess of Monaco, the only girl born on the American side of the Atlantic who has attained sovereign rank in the old world, and the city of Paris. The princess figures in the proceedings, not as Princess of Monaco, but as widow of the late Duke of Richelieu and as guardian of her son, the present duke, who is still a minor. The point in dispute is the cost of maintenance in repair of the chapel of the Sorbonne university, in which were interred the remains of the great cardinal to whom Sorbonne university really owes its existence. The cardinal spent a fortune on the Sorbonne and merely stipulated that either the city or the state should maintain in proper repair the chapel in which his body was interred. Neither the city nor the state is prepared to do so any longer; hence the trouble.

### Giving Funds For Explorations.

Mr. Morris K. Jesup of New York has furnished funds to defray expenses of a systematic exploration of the coasts of Asia and North America from the Columbia to the Amur river. It is hoped to settle the question whether Asiatics came to America by way of Kamchatka and the Aleutian islands. Between the Columbia river and Bering strait there are 10 fundamentally different languages, having 37 dialects mutually unintelligible; on the side of Asia, 7 distinct languages and 10 dialects. The study and investigation are to be carried on by the American Museum of Natural History and will cover a period of six years.

### Plowing by Electricity.

A system of electric plowing has been worked out on a commercial basis by A. Borsig of Berlin. Overhead conductors do not extend into all the fields, but are tapped by temporary wires laid on the ground. It is possible with an electric conductor of 500 meters and a plowing rope of 300 meters working length to plow 222 acres from one center of operation. Mr. Borsig states that with five plows and fixed engines of 250 horsepower 6,000 acres of medium heavy ground can be plowed to a depth of 14 inches at a cost of 95 cents per acre. The use of separate engines increases the cost by 14 cents per acre.—Chicago Inter Ocean.

### Criticising a High Official.

The Milwaukee Journal questions the official right of the secretary of the interior to issue his note of warning to Klondikers and adds: "By what process of evolution the authority to issue proclamations has descended to the secretary of the interior is not known. It may be excusable because it is such a shy little one. In due time, if this goes, we shall have each of the secretaries issuing full fledged proclamations about everything. They will tell us when to come out of the rain and when not to buy gold bricks. How nicely we shall all get on!"

Low Rates For Vacation Trips and Out-  
ings Along the Ocean.

Round Trip From Steubenville Only \$10.

General excursions to the seashore at exceptionally low rates will be inaugurated by the Pennsylvania lines this summer, offering a grand opportunity for delightful outings at the most popular ocean resorts on the continent. This announcement will be good news to persons who may desire to enjoy their vacations at the seaside. They may visit Atlantic City, Cape May, Avalon, Sea Isle City, Anglesea, Ocean City, Holly Beach or wildwood, at very low fare, round trip tickets to either resort being obtainable at the same rate.

The first excursion will be run Thursday, July 15, followed by others on July 19th, August 12 and 21. Round trip rates to either Atlantic City, Cape May, Avalon, Sea Island City, Anglesea, Ocean City, Wildwood or Holly Beach, New Jersey, will be \$10 from Steubenville.

Excursion tickets will be good going on trains leaving Steubenville 4:24 a. m., 1:09 p. m., 2:15 p. m., and 4:08 p. m. The 4:45 a. m. train connects in Pittsburgh Union Station with a special train of parlor cars and coaches running through to Atlantic City via Delaware bridge route, arriving at Philadelphia at 6:25 p. m., Atlantic City, 8:55 p. m., making the run from Pittsburgh to the seashore in 12 hours. Excursionists may proceed to the shore by any regular train the following day. The 4:08 p. m. train has sleeping cars from Steubenville to Philadelphia without change, and will connect in Pittsburgh union station with Sleeping cars running through to Atlantic city.

The return limit will cover 12 days including date of sale, which will be ample for customary 10 days' vacation. For further desired information, apply to J. K. Dillon, D. P. A., Pittsburg, Pa., for particulars. Illustrated description

of resorts to which excursion tickets will be sold, with list of hotels, and boarding houses at each, will be furnished upon application.

### Low Rates.

Special reductions in fare over the Pennsylvania lines will be granted for numerous events to take place this summer in various parts of the United States, in addition to local excursions. Some of the points to which tickets will be sold and dates of sale are as follows:

To Nashville, Tenn., daily to October 15, for Tennessee Centennial and International exposition.

To Winona assembly grounds, Eagle Lake, (near Warsaw, Ind.) May 15 to August 31, for annual assembly and summer school.

To Indianapolis, September 8 and 9, for National Encampment Sons of Veterans.

The reduced rates over the Pennsylvania lines will not be restricted to members of the organizations mentioned, but may be taken advantage of by the public generally. Excursion tickets may be obtained at ticket offices on the Pennsylvania system and will also be sold over this route by connecting railways. Any Pennsylvania line ticket or passenger agent will furnish desired information concerning rates, time of trains, return limit, and other details, to all applicants, or the same may be obtained by addressing Samuel Moody, assistant general passenger agent, Pittsburg, Pa.

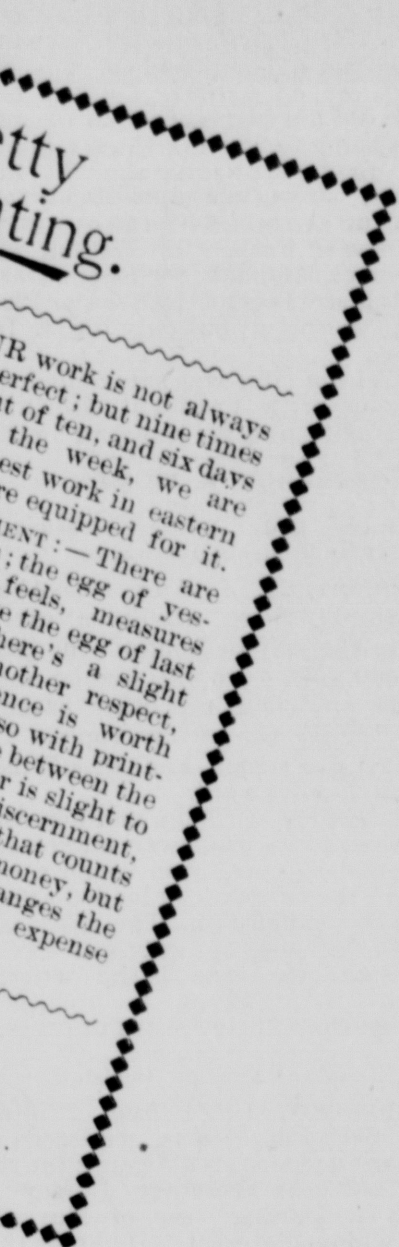

### Excursions to Nashville.

The Tennessee Centennial and International exposition will be in progress at Nashville, Tenn., from May until October inclusive. Special low rate round trip ticket will be sold via Pennsylvania lines for this event. Full particulars concerning fare, dates of sales, time of train, etc., may be obtained upon application to the nearest Pennsylvania line ticket agent, or by addressing D. C. MacWatters, district passenger agent, Pittsburg, Pa.

### Merchants' Excursion to New York.

On August 27, 28, 29, 30 and 31 the Pennsylvania lines will have a cheap excursion to New York for merchants. For particulars apply to nearest Pennsylvania line ticket agent, or address J. K. Dillon, District passenger agent, Pittsburg, Pa.

### BERMUDA TO BE SOLD.

British Authorities Determined to Stop  
the Steamer's Filibustering.

PHILADELPHIA, Aug. 23.—The British steamship Ethelwold, Captain List, has arrived at this port from Port Antonio, Jamaica, having on board as passengers, in addition to Commissioner of Navigation Eugene Tyler Chamberlain and Dr. Walker of Washington, 12 of the crew of the alleged filibustering steamship Bermuda, which has been seized out there by the British government.

It was learned from Mr. Chamberlain that Captain Murphy of the Bermuda has been adjudged guilty of violation of the quarantine laws and sentenced to pay a fine of £100 or to undergo 30 days' imprisonment. He chooses the latter and is now serving his time. The Bermuda will be sold by the British authorities.

# CAPTURED A BURGLAR

He Was Fleet of Foot, but Not a Safe Runner

## GOING THROUGH A BACK WINDOW

When He Was Seen by Joseph Moon and Frightened So That He Ran Down Washington Street—McMillen's Watch, Chain and Ring Were Found in His Pocket.

A burglar was captured Saturday night, and the police spent some portion of yesterday endeavoring to find his name and residence.

Joseph Moon, who boards at the residence of Millard Cochran, saw a man take a screen off a window in the rear of the house occupied by Mrs. Cordingly, at Third and Washington streets. The man was about to enter the house when Moon called to Cochran, and the burglar hastily quitting the premises, ran down Washington street. The men pursued him so closely that he was caught near Second street, but would not be taken without a struggle. He fought hard, but the others were too much for him, and he was soon turned over to the authorities at city hall.

A search of his clothing revealed the watch, chain and ring, stolen from the residence of William McMillen, Lincoln avenue, last week. The prisoner would not give his name, and no one seems to know him. Chief Johnson has seen him loitering about the city for several days.

Mayor Gilbert had a talk with the man this morning, and after much questioning he said his name was W. C. Wilson and his home in Chicago. He came here to find work. When arraigned he plead not guilty.

### AN AMERICAN PRINCESS' LAW SUIT.

A curious lawsuit has just been commenced at Paris between the American born Princess of Monaco, the only girl born on the American side of the Atlantic who has attained sovereign rank in the old world, and the city of Paris. The princess figures in the proceedings, not as Princess of Monaco, but as widow of the late Duke of Richelieu and as guardian of her son, the present duke, who is still a minor. The point in dispute is the cost of maintenance in repair of the chapel of the Sorbonne university, in which were interred the remains of the great cardinal to whom Sorbonne university really owes its existence. The cardinal spent a fortune on the Sorbonne and merely stipulated that either the city or the state should maintain in proper repair the chapel in which his body was interred. Neither the city nor the state is prepared to do so any longer; hence the trouble.

**Pretty printing.**

OUR work is not always perfect; but nine times out of ten, and six days in the week, we are doing the best work in eastern Ohio. We're equipped for it.

**AN ARGUMENT:**—There are eggs and eggs; the egg of yesterday looks, feels, measures and weighs like the egg of last month, but there's a slight difference in another respect, and that difference is worth money. It's just so with printing; the difference between the good work and poor is slight, but it's a difference that counts every time. It costs money, but it makes more—it changes the printing bills from an expense to an investment.

George W. Croxall and family today moved from Spring Grove to the city.  
Lyman Rinehart has sold his fast horse to R. L. Edmonston.  
The new kiln shed at the Burford plant will be completed next Wednesday.  
Will Hertel will probably be selected as one of the judges of the Labor day sports.

A large portion of the German population of the city spent yesterday near Spring Grove.

A car, containing 1,372 watermelons was received in the yards this morning. They are from Indiana.

Charles Brownfield left this morning for Thorold, Ont. He will stop in Buffalo while on the way there.

The trolley wire was down last evening at the pumping station, and passengers were transferred for some time.

The household goods of Albert Offner, of this place, were sent to Pittsburgh Saturday. The family left for that city Saturday evening.

Improvements on the street car line have almost reached the Jethro trestle, and the track is now in the best possible condition.

Andrew Baggs, who for some time has been employed at the Specialty, left this morning for Beaver Falls, where he has taken a new position.

Joe Kennedy, of the Third ward, fell in the river, last night, while walking on a barge at the foot of Market street. He was rescued by friends.

Dennis Hickey, the foreman of the section gang of the Cleveland and Pittsburgh railway, returned to duty this morning after being ill for several days.

Probate Judge Boone, of Lisbon, is in the city today holding an inquest in lunacy. He was accompanied by Sheriff Gill, who is serving summons in civil cases.

The young people of the First M. P. church will give a social in the lecture room of the church, next Thursday evening, a lengthy program having been arranged.

Mrs. Harker returned from England this morning. She has been absent from the city almost two months, and landed in New York Saturday from the steamer Umbria.

The cowboy evangelist and his wife attracted a large crowd in the Diamond Saturday evening. They secured but little money, and when done went across the Diamond and joined forces with the Salvation army.

Mr. and Mrs. George Bettridge, of Riverview avenue, entertained a number of friends from Lisbon yesterday. They drove over the country and returned early in the evening. There were 11 in the party.

George Bramer, while riding his bicycle down Broadway, was thrown from the wheel and hurt his right arm. He was taken to his room in the First National bank building, where the injury was dressed by a physician.

Solicitor Frank E. Grosshans left this morning for Buffalo, where he will remain several days before proceeding to Montpelier, Vt., where he will, on Wednesday of next week, be united in marriage with Miss Maude Porter.

A well known contractor is responsible for the statement that laborers are a scarce article in this city. This morning he started out to find a man to wheel brick for him, and after spending several hours in the search gave it up in disgust.

Chief Morley and several firemen removed a lot of rubbish that was left standing on the sidewalk on Market street, Saturday evening, by a plumber. A crate filled with straw was taken to the fire station, and some pipe and other material were put in a cellar.

Rock Springs will not be open for public dances this week, except on Saturday night. The other nights of the week except Tuesday and Friday are open for private parties. See A. E. McDonald, manager.

**ANNOYED THE PRESIDENT.**

**Congressman Quigg Intercepted Him as He Came From Church.**

**HOTEL CHAMPLAIN, N. Y., Aug. 23.**—The last Sunday for rest for President McKinley prior to his departure from this summer resort was disturbed by the removal to this scene of the Worth-Platt Brooklyn controversy. The president started the day by attending religious services in the drawing room of the hotel and listening to a sermon by Rev. J. A. Gamble of Plattsburg.

When the service was over Congressman Lemuel E. Quigg, president of the New York Republican County committee, intercepted the president in the corridor leading from the drawing room to his private apartments and asked for a conference. The president was evidently annoyed and Mr. Quigg's conference did not last more than 10 minutes, it being finished in the president's room. Later, Mr. Quigg thought that he might stay over until today and have a further talk with the executive. Congressman Francis J. Wilson, who is an active candidate for postmaster of Brooklyn and favored by Senator Platt, saw the president, but only for a few minutes.

Mr. Wilson later was summoned to a conference with President McKinley and was with him for about an hour.

**SEABRIGHT, N. J., Aug. 23.**—About noon Sunday there was great excitement in the surf in front of the Octagon hotel. Two young women, more venturesome than the other bathers, swam beyond the safety ropes. The undertow was strong, and Miss Wilson was drawn downward.

She screamed for help, and her companion seized her and swam shoreward, when other bathers swam to her assistance and the whole party landed safely, but badly exhausted. The rescuer is one of the belles of Seabright and an expert swimmer. She is the wife of Thomas D. O'Brien, a prominent broker on the Chicago board of trade.

**Important Pension Decision.**

**WASHINGTON, D. C., Aug. 23.**—Assistant Secretary Davis rendered an important decision, reaffirming the ruling of Assistant Secretary Bussey in 1890, in the leading case of Mary A. Cox, a widow claimant. He holds that where the evidence shows the cause for pension was complicated with a disease, which was the immediate cause of the soldiers' death, the widow's claim on account of the death from these complications will be sustained, the death being held to be in the line of duty in the service.

**Attacks on the Jews.**

**PILSEN, Bohemia, Aug. 23.**—Disturbances by the fanatical opponents of the Jews have occurred here. They arose from a quarrel between a German Jewish student named Hartmann and a Bohemian student named Schmidt. While the police were escorting Hartmann from the town hall an anti-Jewish mob attacked them and then smashed all the windows in the synagogue, the Jewish schools and the houses of the best-known Jews. Soldiers quelled them.

**Four Shooting Affairs.**

**PITTSBURG, Aug. 23.**—There were four shooting affairs among the colored railroad workers during Saturday night and Sunday at Unity. One murder will result. **LOCAL BREVITIES.**

George W. Croxall and family today moved from Spring Grove to the city.

Lyman Rinehart has sold his fast horse to R. L. Edmonston.

The new kiln shed at the Burford plant will be completed next Wednesday.

Will Hertel will probably be selected as one of the judges of the Labor day sports.

A large portion of the German population of the city spent yesterday near Spring Grove.

A car, containing 1,372 watermelons was received in the yards this morning. They are from Indiana.

Charles Brownfield left this morning for Thorold, Ont. He will stop in Buffalo while on the way there.

The trolley wire was down last evening at the pumping station, and passengers were transferred for some time.

The household goods of Albert Offner, of this place, were sent to Pittsburg Saturday. The family left for that city Saturday evening.

Improvements on the street car line have almost reached the Jethro trestle, and the track is now in the best possible condition.

Andrew Baggs, who for some time has been employed at the Specialty, left this morning for Beaver Falls, where he has taken a new position.

Joe Kennedy, of the Third ward, fell in the river, last night, while walking on a barge at the foot of Market street. He was rescued by friends.

Dennis Hickey, the foreman of the section gang of the Cleveland and Pittsburg railway, returned to duty this morning after being ill for several days.

Probate Judge Boone, of Lisbon, is in the city today holding an inquest in lunacy. He was accompanied by Sheriff Gill, who is serving summons in civil cases.

The young people of the First M. P. church will give a social in the lecture room of the church, next Thursday evening, a lengthy program having been arranged.

Mrs. Harker returned from England this morning. She has been absent from the city almost two months, and landed in New York Saturday from the steamer Umbria.

The cowboy evangelist and his wife attracted a large crowd in the Diamond Saturday evening. They secured but little money, and when done went across the Diamond and joined forces with the Salvation army.

Mr. and Mrs. George Bettridge, of Riverview avenue, entertained a number of friends from Lisbon yesterday. They drove over the country and returned early in the evening. There were 11 in the party.

George Bramer, while riding his bicycle down Broadway, was thrown from the wheel and hurt his right arm. He was taken to his room in the First National bank building, where the injury was dressed by a physician.

Solicitor Frank E. Grosshans left this morning for Buffalo, where he will remain several days before proceeding to Montpelier, Vt., where he will, on Wednesday of next week, be united in marriage with Miss Maude Porter.

A well known contractor is responsible for the statement that laborers are a scarce article in this city. This morning he started out to find a man to wheel brick for him, and after spending several hours in the search gave it up in disgust.

Chief Morley and several firemen removed a lot of rubbish that was left standing on the sidewalk on Market street, Saturday evening, by a plumber. A crate filled with straw was taken to the fire station, and some pipe and other material were put in a cellar.

Rock Springs will not be open for public dances this week, except on Saturday night. The other nights of the week except Tuesday and Friday are open for private parties. See A. E. McDonald, manager.

**ANNOYED THE PRESIDENT.**

**Congressman Quigg Intercepted Him as He Came From Church.**

**HOTEL CHAMPLAIN, N. Y., Aug. 23.**—The last Sunday for rest for President McKinley prior to his departure from this summer resort was disturbed by the removal to this scene of the Worth-Platt Brooklyn controversy. The president started the day by attending religious services in the drawing room of the hotel and listening to a sermon by Rev. J. A. Gamble of Plattsburg.

When the service was over Congressman Lemuel E. Quigg, president of the New York Republican County committee, intercepted the president in the corridor leading from the drawing room to his private apartments and asked for a conference. The president was evidently annoyed and Mr. Quigg's conference did not last more than 10 minutes, it being finished in the president's room. Later, Mr. Quigg thought that he might stay over until today and have a further talk with the executive. Congressman Francis J. Wilson, who is an active candidate for postmaster of Brooklyn and favored by Senator Platt, saw the president, but only for a few minutes.

Mr. Wilson later was summoned to a conference with President McKinley and was with him for about an hour.

**SAVED BY A WOMAN.**

**A Chicago Lady Bather Rescued a Friend From Drowning.**

**SEABRIGHT, N. J., Aug. 23.**—About noon Sunday there was great excitement in the surf in front of the Octagon hotel. Two young women, more venturesome than the other bathers, swam beyond the safety ropes. The undertow was strong, and Miss Wilson was drawn downward.

She screamed for help, and her companion seized her and swam shoreward, when other bathers swam to her assistance and the whole party landed safely, but badly exhausted. The rescuer is one of the belles of Seabright and an expert swimmer. She is the wife of Thomas D. O'Brien, a prominent broker on the Chicago board of trade.

**Important Pension Decision.**

**WASHINGTON, D. C., Aug. 23.**—Assistant Secretary Davis rendered an important decision, reaffirming the ruling of Assistant Secretary Bussey in 1890, in the leading case of Mary A. Cox, a widow claimant. He holds that where the evidence shows the cause for pension was complicated with a disease, which was the immediate cause of the soldiers' death, the widow's claim on account of the death from these complications will be sustained, the death being held to be in the line of duty in the service.

**Attacks on the Jews.**

**PILSEN, Bohemia, Aug. 23.**—Disturbances by the fanatical opponents of the Jews have occurred here. They arose from a quarrel between a German Jewish student named Hartmann and a Bohemian student named Schmidt. While the police were escorting Hartmann from the town hall an anti-Jewish mob attacked them and then smashed all the windows in the synagogue, the Jewish schools and the houses of the best-known Jews. Soldiers quelled them.

**Four Shooting Affairs.**

**PITTSBURG, Aug. 23.**—There were four shooting affairs among the colored railroad workers during Saturday night and Sunday at Unity. One murder will result. John Kelley was shot by Thomas Cash, and the hospital authorities say that the man cannot recover. The men who did the shooting in all cases have escaped.
